QUESTIONS AND ANSWERS

1. Are the end-users going to be using laptops or other wireless devices?

A: Laptops and/or PDA's.

2. Would it be possible to go on-site to survey the area for coverage and evaluate existing equipment mounting locations?

A: Yes, Route C and Highway 61 in Moscow Mills.

3. What options are on-site for AC/110volt power?

A: 110 power to be provided by the installer.

4. What is the target completion date for the project?

A: Not sure at this time of a completion date, 18 months and project has started.

5. Is the primary area of coverage for the state of Missouri or specifically Lincoln County, MO?

A: The area of coverage is to be approximately a 1 mile radius from the center of the construction project: Route C and Highway 61 North at Moscow Mills, in Lincoln County.

6. We have high speed coverage in some areas of the state, dial up speed in others and no coverage in others; is this acceptable?

A: Dialup speed is not acceptable. The bid states "providing at least 10 mbps data rate from the field personnel".

7. Is Global Positioning Systems (GPS) of interest for tracking state assets?

A: No on the GPS at this time.
